IMMORTAL SOULS – "Wintereich" Street Date: 8.21.2007

Overview:

Finland's Immortal Souls are back with their 3rd full length album and 2nd US release with "Wintereich". The music of the four Finnish masters has been praised as a perfect blend between the Gothenburg metal of Dark Tranquility and melodic elements of early Children Of Bodom. Following up their previous Facedown release in the US "Ice Upon The Night", "Wintereich" is 11 tracks of what can be best described as their own genre of Winter Metal!

With the marketing and promotion of Facedown Records in the USA and the building blocks already in place after their debut US release of "Ice Upon The Night", Immortal Souls are sure to grab the attention of heavy music fans all over the US with this new album of melodic death metal.

For fans of: In Flames, Children Of Bodom, Soilwork, Dark Tranquility.
