Overview:

Since forming in early 2005, Remove the Veil has been on an unstoppable mission to spread the word about their unique brand of hard-rocking, loud and fast southern metal. Their hard-pounding rhythms and intricate guitar work coupled with solid, driving bass lines provide a platform that compliments the interwoven vocal patterns to create an unmistakable sound.

With their influences ranging from Merle Haggard to Metallica, the band blends a mix of southern rock, metal and hardcore into a genre that blurs the lines between mainstream and underground. Their debut album “Another Way Home” was recorded and engineered by Mike Dresch at Cathouse Studios (Nodes Of Ranvier, The Spill Canvas, War Of Ages) and is 11 tracks of foot tapping, head banging and energy bringing rock n roll. Remove The Veil has been touring non stop all year and will continue to in support of “Another Way Home”.
