

HANDS GIVE ME REST

OVERVIEW:

Hands have returned with their finest and most mature album to date with "Give Me Rest". Tracked and mixed over the course of 3 months, "Give Me Rest" is raw, powerful, real and refreshingly honest. From the lyrics that cry out to the soul of the listener to the production that is authentic and genuine. Artists like Hands are few and far between and the integrity that they portray through their music is a breath of fresh air to all who listen or have been fortunate enough to see them live.
