

# COMRADES

## LONE/GREY

### OVERVIEW:

Comrades have joined the Facedown Family and are set to release their Facedown debut full length "Lone/Grey" on October 7, 2016.

From their beginnings as an instrumental post-rock band, Comrades has consistently created music that is both aggressive, ambient, complex, and emotional. Drawing from their diverse musical backgrounds, band members Ben Trussell (drums/vocals), Laura McElroy (bass/vocals), and Joseph McElroy (guitar) create music that they feel passionately about, and draft a space for the listener to take part in. Their passion and energy continues into their intense and sometimes chaotic live show. As a part of the DIY touring community since 2009, the east-coast based trio (now from Colorado) has been able to share their music all over North America, making friends as well as fans.

"Lone/Grey" was recorded at Glow in the Dark Studios (My Epic, Underoath, The Chariot), and marries their love for ambient moments with heavy post-hardcore, intentional lyricism and melody with fierce delivery.
