

IMPENDING DOOM – “Nailed. Dead. Risen.” Street Date: 9.4.2007

Overview:

There's a new mark of darkness coming out of the amplifiers of Impending Doom. This is a band comprised of musicians who manipulate the genre of death metal like a butcher wields his cleaver. Bending vocal sounds to his whim, Brook Reeves takes the listener on a downward spiral into the depths of the band's convictions where one may be surprised to find a shining light of unbelievable brilliance. The juxtaposition of guttural bellowing and slaughterhouse wailing isn't the only thing that catapults Impending Doom above the rest of the death metal bands. The fact that Impending Doom refuse to toe the line with their spiritual convictions, in a genre long known for its demonic inclinations, is paramount to the band's impending notability...and your impending doom.

Impending Doom will be touring full time in support of their debut release “Nailed. Dead. Risen”.
