Overview:

xDeathstarx quickly made their mark on the hardcore scene with the release of their debut Facedown album "We Are The Threat". Heavy, no holds barred attitude and music connected instantly with fans around the world and spread like wildfire. We are now happy to be able to announce the re-release of the bands debut album "The Triumph". Originally released in 2004 on Life Sentence Records, "The Triumph" was chock full of hardcore anthems that unfortunately have been out of print for the last few years. "The Triumph" is now re-mixed, re-mastered and packaged with new artwork by Dave Quiggle (Sick Of It All, Bury Your Dead, Atreyu).

"xDeathstarx take the power riffage of Biohazard and Hatebreed and make it sound furious, real and passionate." - HM MAGAZINE

"xDeathstarx at once recall the metallic ferocity and melody of Pantera, the hardcore zeal of Hatebreed, and the blazing speed of At the Gates." - OUTBURN
